

# Pet & COVID-19 Guidance

Source: CDC.gov

## Protect your pets from COVID-19

- Limit your pets contact with people.
- Practice social distancing while walking your dogs.
- Keep cats indoors.

## Keep your pets safe from COVID-19

- Keep pets away from people not in your household.
- Keep pets away from sick people.
- Do not put face coverings on pets.

## Avoid contact with your pets when you are sick

- Do not pet, kiss, or share food with your pet.
- Have someone else feed and care for your pet, if possible.
- If you must care for your pet , wear a cloth face covering.

## The risk of pets spreading COVID-19 to people is low

- Do not abandon or hard your pet-- there is no reason.
- If you're concerned about your pets health, check with your veterinarian.
